JULY AMNESTY: Waived collection fees and late charges for outstanding HOA balances. During the month of July only, if you make reasonable payment arrangements with Sentry Management at channah@sentrymgt.com to bring your account current, the HOA will stop all collection activity (some restrictions do apply). After July, an aggressive campaign to collect on balances will commence, including levying collection charges, late fees, legal fees, liens,, civil judgments, garnishments, restricting access to future amenities and foreclosing on property. Protect your investment by taking advantage of July's 2013 HOA Amnesty.
